It is the Guarantor's responsibility to know if Alliance Pediatrics participates in your insurance plan or network. Do this prior to seeing the Physician.

I hereby give annual authorization for payment of insurance benefits to be made directly to Alliance Pediatrics, PA for services rendered. I am financially responsible for all charges whether or not they are covered by insurance. I agree to pay all costs of collection and reasonable attorney's fees. I authorize the provider to release all information necessary to secure the payment of benefits. I agree that a photocopy of this agreement shall be as valid as the original. I also consent to receive calls, texts and emails from Alliance Pediatrics for my protected healthcare and other services at the phone number(s) above, including my wireless number provided. I understand I may be charged for such calls by my wireless carrier and that such calls may be generated by an automated dialing system.

Receipt of Notice of Privacy Practices Written Acknowledgement Form

Patient Name: _____
DOB: _____
Today's Date: _____

By signing below, I have received or have been offered and declined a copy of Alliance Pediatrics' Notice of Privacy Practices as outlined below.

Parent/Guardian Printed Name: _____ Parent Signature: _____

Updated Notice of Privacy Practices (9/23/13 Revisions)

This notice describes how your medical information as a patient of this practice may be used and disclosed and how you can get access to this information. Please review it carefully.

The privacy of your medical information is important to us. You may be aware the U.S. government regulators established a privacy rule, the Health Insurance Portability & Accountability Act ("HIPAA") governing protected health information ("PHI"). PHI includes individually identifiable health information including demographic information and relates to your past, present or future physical and mental health or condition and related health care services. This notice tells you about how your PHI may be used, and about certain rights that you have.

Use and Disclosure of Protected Information

Federal law provides that we may use your PHI for your treatment, without further specific notice to you, or written authorization by you. For example, we may provide laboratory or test data to that specialist.

Federal law provides that we may use your medical information to obtain payment for our services without further specific notice to you, or written authorization by you. For example, under a health plan, we are required to provide the health insurance company with a diagnosis code for your visit and a description of the services rendered. Federal law provides that we may use your medical information for health care operations without further specific notice to you, or written authorization by you. For example, we may use the information to evaluate the quality of care you received from us, or to conduct cost-management and business planning activities for our practice.

We may use or disclose your medical information, without further notice to you, or specific authorization by you, where:

- Required for public health purposes, or for law enforcement by a law enforcement official; Required by law to report child abuse, or by a health oversight agency for oversight activities authorized by law, or by law in judicial or administrative proceedings, or by correctional institutions or law enforcement officials if you are an inmate or under the custody of a law enforcement official or by a coroner/medical examiner; Permitted by law to a funeral director or for organ donation purposes, to avert a serious threat to health or safety; Permitted by law and required by military authorities if you are a member of the armed forces of the U.S.; Permitted by law and required for national security, as authorized by law; or otherwise required or permitted by law.
- o Certain types of uses and disclosures of protected health information require authorization, these include:
 - o Uses and disclosures of psychotherapy notes and disclosures of PHI for marketing and disclosures that constitute the sale of PHI. Other uses and disclosures not described in this Notice of Privacy Practices will be made only with an individual's authorization.

State Specific Laws.

The State of Florida states the right to privacy in its constitution. FL law is more stringent and will override HIPAA regulations. FL provides additional protection for information regarding HIV/AIDS, mental health, substance abuse and sexually transmitted diseases. We will also continue to follow considerations of confidentiality under state law for minors when treated for certain conditions (for example, minors do not need parental permission to consent to treatment for sexually transmitted diseases, pregnancy, drug abuse and others. The minor's personal health information is not allowed to be released, except as outlined in this notice, without the written authorization of the minor).

We may contact you by mail or phone, at your residence, to remind you of appointments or to provide information about treatment alternatives. Unless you instruct us otherwise, we may leave a message for you on any answering device or with any person who answers the phone at your residence.

Minors

For divorced or separated parents, each parent has equal access to health information about their unemancipated child(ren), unless there is a court order to the contrary that is known to us or unless it is a type of treatment or service where parental rights are restricted. We can release your medical information to a friend or family member that is involved in your medical care. For example, a babysitter or relative who is asked by or guardian to take their child to the pediatrician's office may have access to this child's medical information. We prefer to have written authorization from the person or guardian for someone else to accompany the child, and may make reasonable attempts to obtain this authorization. You can make reasonable requests, in writing, for us to use alternative methods of communicating with you in a confidential manner. A separate form is available for this purpose. Other uses or disclosures of your medical information will be made only with your written authorization. You have the right to revoke any written authorization that you give.

Rights That You Have

- You have the right to request restrictions on certain uses or disclosures described above. Except as stated below, we are not required to agree to such restrictions in a particular manner or at a certain location e.g. at home and not at work. Such requests must be made in writing to your physician. Our practice will accommodate reasonable requests.
- You have the right to inspect & obtain copies of your medical information (a reasonable fee will be charged), and must state the reason for the requested amendment. You have the right to request amendments to your medical information. Such requests must be in writing, and will further notify you if we will notify you as to whether we agree or disagree with the requested amendment. If we disagree with any requested amendment, we will further notify you of your rights.
- You have the right to request a "accounting" of any disclosures we make of your medical information. An accounting does not have to be made for disclosures made to you, or to carry out treatment, payment or health care operations, or as requested by your written authorization, or as permitted or required under 45 CFR 164.504 for emergency or notification purposes, or for national security or intelligence purposes as permitted by law, or to correctional facilities or law enforcement officials permitted by law, or disclosures made before April 14, 2003.
- You have the right to restrict certain disclosures of PHI to a health plan, for carrying out payment or health care operations, where you pay out of pocket in full for healthcare items or services.
- You are required to notify Business Associates of Health Info Exchange of the restriction.
- A family member or other third party may make the payment on your behalf and the restriction will still be triggered.
- You have a right to, or will receive, notifications of breaches of your unsecured patient health information.
- All requests must state a time period, which may not be longer than six (6) years from the date of disclosure.
- You have a right to receive a paper copy of our notice of privacy policies.
- You have a right to receive electronic copies of health information.

Obligations That We Have

- We are required by law to maintain the privacy of PHI and to provide individuals with notice of our legal duties and privacy practices. We are required to abide by the terms of this notice as long as it is currently in effect.
- We reserve the right to revise this notice, and to make a new notice effective for all PHI we maintain. Revised notices will be posted in our office, and copies will be available there.
- We will inform you of our intentions to raise funds and your right to opt out of receiving such communications.
- If you believe these privacy rights have been violated, you may file a written complaint with our Privacy Officer or with the U.S. Department of Health and Human Services' Office for Civil Rights (OCR). We will provide the address of the OCR Regional Office upon your request. No retaliation will occur against you for filing a complaint.

Alliance Pediatrics, PA
NEW Vaccine Stance and Policy

We firmly believe in the effectiveness of vaccines to prevent serious illness and to save lives.

We firmly believe in the safety of our vaccines.

We firmly believe that all children and young adults should receive all of the recommended vaccines according to the schedule published by the Centers for Disease Control and the American Academy of Pediatrics.

We firmly believe, based on all available literature, evidence and current studies, that vaccines do not cause autism or other developmental disabilities.

We firmly believe that thimerosal, the preservative that has been in vaccines for decades and remains in some vaccines, does not cause autism or other developmental disabilities.

We firmly believe that vaccinating children and young adults may be the single most important health promoting intervention we perform as health care providers and that you can perform as parents/caregivers. The recommended vaccines and their schedule given are the results of years and years of scientific study and data gathering on millions of children by thousands of our brightest scientists and physicians.

Please recognize that by not vaccinating you are putting your child at unnecessary risk for life threatening illness and disability and even death.

As medical professionals, we feel very strongly that vaccinating children on schedule with currently available vaccines is absolutely the right thing to do for all children and young adults.

We would like you to know that those of us in the practice who have children of our own have had them fully vaccinated following the established schedule.

**Should you decide that you do not want to vaccinate your children,
we regretfully cannot provide care for your family.**

Thank you for your time in reading this policy, and please feel free to discuss any questions or concerns you may have about vaccines with any one of us.

Patient Name: _____ **DOB:** _____

Parent Signature: _____ **Date:** _____

Please be advised that our office does not participate in the VFC Medicaid Program and all Medicaid patients must go to the Health Department to receive their vaccinations.

Alliance Pediatrics / Financial Policy

Patient Name: _____ Patient's DOB _____ Acct #: _____

- It is the guarantors' responsibility to present us with a valid photo ID, a valid insurance card and to complete a yearly demographic update form.
- It is the guarantors' responsibility to know if Alliance Pediatrics (APPA) participates in the patient's insurance plan/network and should be confirmed prior to seeing the Provider.
- We bill your insurance as a courtesy to you. The guarantor is financially responsible for all charges whether or not they are covered by the insurance.
- If provided with a primary and a secondary insurance, we will bill charges in accordance to that order. Once claims have been processed by both insurances and a balance still remains, the guarantor will be responsible for payment of the balance. **Any balances greater than 90 will be referred to an outside collection agency. Once the account has been sent to a collection's agency, the balance must be paid in full before we can schedule any Well Child appointments and sick visits may be limited to 30 days from the original notice sent to collection agency.**
- Our staff has the right to ask you for any past due balances, as well as your portion of the payment for today's services before being seen by the provider. Payment is expected at the time of service. This includes all co-pays, co-insurances, and deductibles.
- It is your responsibility to provide us with the most up to date address and phone number. **We will continue to send monthly statements and correspondence to you at the address we have listed in our system. It is not the responsibility of Alliance Pediatrics to follow up with the patient if we receive returned or non-forwardable mail.**
- The guarantor authorizes the provider to release all information necessary to secure payment of benefits.
- A \$10.00 processing fee will appear on your statement for any co-pays not paid on the date of service.
- A \$20.00 NO SHOW will be assessed if patient does not show for their scheduled appointment time.
- We reserve the right to charge a Cancellation Fee of \$20.00 if a cancellation is not done within 24hrs of scheduled appointment.
- If your insurance does not authorize a procedure or test and you choose to have the procedure or test done anyway, you will need to pay for those services upfront. Your insurance cannot be billed for these services.
- We reserve the right to charge an "extended/prolonged provider visit fee" along with your regular office visit fee while in the office and under the care of a physician/ARNP, for a period of time greater than or beyond your regularly scheduled office appointment.
- If you are being seen for an annual well check and have additional services outside of your insurances' "well check guidelines" that result in a written prescription, a referral sent to an outside provider or a have a procedure done, we reserve the right to charge a regular "sick" office fee along with a well exam fee. As per insurance guidelines, we would need to follow up on any additional "non/well" findings that accompanied your yearly well child exam. Any co-pays, co-insurances or deductibles that would accompany the "sick" office visit would apply and the guarantor would be responsible for those fees.
- Due to changes in the Affordable Health Care Act and with multiple options for insurance plans, some insurances will NOT cover Well Exams at 100%. Please refer to your health insurance plan for any specific terms and agreements.
- At this time our Medicaid Panel is closed. We will not be accepting any NEW Patients with MEDCAID only. If you have a NEW MEDICAID as a secondary, we will be unable to bill that insurance.
- **If your insurance requests repayment from a prior paid claim, notice will be sent to the address we have listed on file. We will NOT rebill the old insurance and your balance must be paid in full within 30 days of receipt of initial contact letter. If you had active, updated insurance that we did not have on file during this time, you will be required to submit your own appeal letter to that insurance company. Florida Statute 627.6131**
