Pediatrics After Hours Clinic (PAH)

Our practice joins the community pediatricians as well as the Department of Pediatrics at Shands Hospital in providing urgent care for established patients who become ill after office hours. The Pediatric After Hours Clinic provides an excellent alternative to long emergency room visits.

The PAH Clinic provides comprehensive Pediatric services for ill children, and is staffed by one of the community Pediatricians along with Pediatric residences and nurses.

Our office answering service will provide that number if the office is closed. The PAH receptionist will take some initial information and then forward your call to a nurse or physician. Appointments for the PAH clinic are always necessary, this is not a walk in clinic.

After the PAH clinic has closed, all calls will be forwarded to the physician on night duty. Your pediatrician will receive a copy of your child's PAH visit note the next day.

Billing: The University of Florida will be responsible for billing yourself and your insurance.

Location: Shands Hospital at UF (Main Building)
1600 SW Archer Road
Gainesville, FL 32608
(East side of Shands at UF North Side, off Newell Dr)

Parking: Patients may park in either the east or west garage. Parking for patients or patient visitors is complimentary with a voucher.
